

# Battery Pak

Patent No.: US 7,949,014 B2

## DISPOSAL CONTAINER

Do you want to make packaging batteries easy?

Questar's newest container is designed to save you time and money.

Our Battery Pak is the perfect container to help manage your Battery Disposal Program. The Battery Pak's safety grids; which come in a variety of sizes eliminate the time consuming chore of taping the terminals. By eliminating the ability for the battery terminals to touch the Battery Pak helps you stay in compliance with (49 CFR 173.85). Manage a variety of battery types including Alkaline, Ni-Cad and Lithium with Questar's new Battery Pak.

PIC. 1 Battery Pak compared to a poly pail

PIC. 2 Battery Pak's safety grids
